Date of provision / dispatch

Dear Sir or Madam,
Dear project partners and applicants,

Since 2012, Labdoo.org has been able to process, provide and send several 10,000 IT donations thanks to our non-profit organisation Labdoo.org e.V.

We need your support so that we can maintain this service and provide further IT donations. Our helpers work on a voluntary basis and IT donations themselves are free of charge. But in Germany we offer a comprehensive service. The purchase of spare parts, replacement batteries, shipping costs, packaging material, printing of instructions and much more must be paid for. The amounts requested below only cover part of our costs.

We are therefore dependent on you to cover our provision costs.

Please pay later according to the number of IT donations provided:

- for collection from a German Labdoo Hub, per laptop = €5,
- if a single (1) laptop is sent by parcel service within Germany = 15 €,
- if several laptops are sent by parcel service within Germany = €10 per device,
- half costs for tablets or eBook readers.

Transfer to our [bank account](#) below or via PayPal www.paypal.me/LabdooDE.

Thank you very much for your contribution. If you have any questions, please do not hesitate to contact us.

Mit freundlichen Grüßen
